\$20 off a Home Inspection

***** Please give this form to your Safe & Sound Home Inspector *****

"I highly recommend Safe & Sound Home Inspection. I feel the best way to know if your inspector is good is by the number of calls, or better yet, the lack of calls you receive from your buyers after they move in. In the over 100 home inspections Dave has done for me I have yet to have a buyer call me with a post closing inspection concern. This peace of mind for me and my buyers is what keeps me coming back to Dave to handle all my buyer's home inspections. If you use him once you will never use another inspector again."
